

Double Switch

Modular Compressed Sofa

PRODUCT DESCRIPTIONS

The upgraded version of the versatile Sofa Switch that takes flexibility to the next level. This innovative piece is designed with advanced high-pressure cold foam technology, allowing it to compress flat for easy shipping and moving, then expand back to its original form with no damage.

The Double Switch offers all the benefits of the original Sofa Switch, but with added functionality. In addition to transforming into a sofa, daybed, and playmat, the Double Switch can also be effortlessly converted into two stylish armchairs. This upgrade makes it even more versatile, providing additional seating options for your home.

Whether you need a sleek sofa for lounging, a daybed for relaxation, a playmat for the kids, or two separate armchairs for entertaining, the Double Switch adapts to your needs with ease and style. Experience the ultimate in multifunctional design and enjoy a piece that enhances your space and lifestyle in countless ways.
